Module Overview

This module teaches students how to manufacture a practical Cinnamon Blend Spice using ingredients commonly available in Zimbabwe. The product can be sold for use in tea, porridge, baking, rice dishes and other food applications.

Low-Cost Formula (1kg Batch)

Cinnamon Powder – 500g
Ginger Powder – 200g
Nutmeg Powder – 80g
Mixed Spice – 100g
Cloves Powder – 40g
Cardamom Powder (Optional) – 30g
Brown Sugar Powder (Optional) – 50g

Premium Formula (1kg Batch)

Cinnamon Powder – 600g
Ginger Powder – 120g
Nutmeg Powder – 80g
Cloves Powder – 50g
Cardamom Powder – 70g
Vanilla Powder/Flavour – 20g
Mixed Spice – 60g

Functions of Ingredients

Cinnamon – Main flavour and aroma
Ginger – Warm spicy taste
Nutmeg – Sweet aromatic flavour
Cloves – Strong spicy scent
Cardamom – Premium aroma
Mixed Spice – Improves complexity
Vanilla – Smooth sweet aroma

Equipment Required

- Mixing bowl or bucket
- Digital scale
- Sieve
- Mixing spoon or spatula
- Airtight containers
- Sachets, jars or bottles for packaging

Manufacturing Procedure

Step 1: Sieve all powders separately to remove lumps.

Step 2: Measure all ingredients accurately using a digital scale.

Step 3: Transfer ingredients into a clean and dry mixing container.

Step 4: Mix continuously for 10–15 minutes until uniform.

Step 5: Allow the blend to rest in a sealed container for 12–24 hours.

Step 6: Package into jars, bottles or sachets.

Usage Guide

Tea – Use approximately half a teaspoon per cup.

Porridge – Add during cooking.

Baking – Suitable for cakes, muffins and cookies.

Rice – Add small quantities to flavoured rice dishes.

Business & Profit Tips

Recommended Pack Sizes:

- 50g
- 100g
- 250g

Suggested Markets:

- Tuckshops
- Flea Markets
- Pharmacies
- Churches
- Schools
- Supermarkets

Always use attractive packaging and professional labels. Product presentation greatly affects customer willingness to buy.

Important Notes

- Store away from moisture.
- Use food-grade packaging materials.
- Label products clearly.
- Maintain good hygiene during production.
- Record production dates and expiry dates.
